## A Note from the Teachers

It has been a busy month in Pre-k! As we get closer to Spring Break, our biggest push has been to increase our number recognition and counting skills! For 3 year olds, this includes counting to 13 and identifying numbers 1-10. For the 4 year old class, this means counting to 30 (or higher!) and identifying numbers 1-15. If you are looking for ways to support our child's learning, please work with them on counting groups of objects 1 to 1 and recognizing numbers they see around the house!

Also, whenever it is warmer outside, please send your child with snow boots and snow pants when possible. Unfortunately, if a child does not have snow gear, we cannot allow them to go outside with the group and we do not want to send them home with soggy shoes ☹️

Thank you for all your help and support!
